

# A Typical Day in Cherubs Class

Hello Children and Parents!

We thought we'd tell you all about a typical day in Cherubs class so that you'd know what to expect when you arrive. Cherubs should, ideally, arrive to nursery by 9:30am when the morning session of Circle Time starts. The children are each given an opportunity to tell us their news and share their stories and feelings.

We're really looking forward to you coming and being with us in Cherubs...

|                 |   |
|-----------------|---|
